

RAIHAN RIKO FARANDSYAH

+6281945085175 | rikoraihan07@gmail.com | Bantul, Yogyakarta

I am a graduate of Universitas Teknologi Digital Indonesia with a strong foundation in programming languages such as Java, HTML5, CSS3, PHP, and Python. I have demonstrated expertise in designing user-friendly and visually appealing UI/UX using Figma and am committed to continuously refining these skills in a professional setting. My passion for technology and design drives me to contribute to innovative projects that enhance user experiences.
